

2025 Bursary Programme

Rheinmetall Denel Munition External Bursary Programme 2025

The **Rheinmetall Denel Munition External Bursary Programme** supports academically deserving engineering students who require the resources to enrol full-time in courses leading to their first undergraduate degree or diploma at a South African public university or university of technology. The bursary program's goal is to alleviate South Africa's scarcity of rare talents, with a focus on engineering skills in particular.

Criteria for Selection :

- South African citizen
- Engineering Student
- Obtained the following minimum academic results:
 - A **Bachelor's Pass** in Grade 12 with 70% in Mathematics and/or Physical Sciences
 - An average of 75% in the year that you are applying for the bursary, i.e. at university level.
- Regrettably, we will not consider applicants who completed their grade 12 or senior certificate with Mathematics Literacy.
- You must have obtained admission to a South African Tertiary Institution to pursue/pursing a NQF 7 and above.

Supporting Documents Required :

- A certified copy of your South African identity card/document.
- Your most recent academic transcript, i.e.:
 - Grade 11 final results, as well as your mid-year results if you are currently in grade 12.
 - Grade 12 final results as well as your mid-year results if you are currently in your first year at university.
 - Your last academic year results as well as your current mid-year results if you are currently in your second or third year at university.
- Proof of Registration/Acceptance letter from tertiary institution
- A Quotation/Pro-forma Invoice from respective institution for tuition fees,
- A programme outline for specific course
- Motivational Letter

All applications for 2025 close on Thursday , 31 October 2024
